Adventures with Little Eloise A picture book series for young readers.

October 2024 Newsletter
By Vicki S. Davey, MA, M.Ed.

Greetings and Salutations!

We continue to work on our goal to get our books into the hands of children around the world – in their own language -- starting with Rivers of Mercy (ROM) Children's Home in Juarez, Mexico.

So far in 2024, we have sent one book for every child, every two months (40 copies). So far, that's 160 books! By December that will be 240 books we have sent to the orphanage

Please join us in getting the rest of the series out – October's goal is to send Book 5 (When Bullies Come Knocking). In this story the children learn about conflict resolution and dealing with bullies.

In December we will send the final book in our series -- Book 6 (Bob the Burro and the Legend of the Cross). This book teaches about how useful burros have been throughout history, about the first Christmas and Easter, and the life of Jesus.

Please donate to this effort on this page:

To read what the directors of the orphanage, are saying about the kids and their books on our testimonials page. [Testimonials – Vicki Davey Productions, LLC](#)

We are also working to raise money for the orphanage in other ways -- by making our books available to churches, camps, schools, or other organizations that provide services to children – at OUR cost. These churches, schools, or other businesses/organizations may sell books at Market price to raise money for their own special projects or activities. We don't get paid for this, but we do earn royalties that go into a special savings account that we will eventually gift to the orphanage. Please let us know if you are interested so we can get you started!

Thank you for your ongoing support.
